AWARD MESSAGE

Dear DevOps coaches, thanks again for travelling virtually for the 3rd time and working shift hours (US time while based in France) to conduct the Black Belt DevOps Dojos for AFLAC customer (insurance). The customer is extremely happy with the outcomes of this first wave, which will allow us to conduct a second wave ! Your expertise and very positive mood allows DXC to shine in the eyes of our customers. And this makes a real difference. Here is a screenshot of one of the demo session of what you helped build, where everyone got excited (and yes, 100 attendees including the CIO).
